## **Abstracts**

Global Podcast Advertising Market is valued approximately at USD XX billion in 2022 and is anticipated to grow with a healthy growth rate of more than XX% over the forecast period 2023-2030. The podcast advertising market refers to the industry segment dedicated to promoting products, services, or brands through audio advertisements inserted into podcasts. These advertisements can take various formats, including host-read endorsements, pre-recorded spots, sponsorships, and branded content. The market encompasses advertisers, podcast creators, advertising agencies, ad networks, and technology platforms facilitating ad insertion and measurement. The market growth is driven by key factors such as surge in the adoption of influencer marketing strategies, collaborations between brands and podcast creators, and expansion of podcast audience.

As per Statista, the surging interest in podcasts is reflected in the global number of listeners, which soared to a record high of 485 million consumers worldwide in 2020. As the podcast market continues to expand, projections indicate a further increase to over 800 million users by 2025. In the United States, 44% of respondents aged 26 to 35 reported listening to podcasts, compared to only 22% of users over the age of 56. Similar trends are observed in other countries such as Canada, Germany, and the United Kingdom. also, podcast publisher Wondery is projected to grow its revenue from \$10 million in 2018 to USD 25 million in 2019. This forecast aligns with the company's plans to extend its reach to a global audience, capitalizing on the expanding international podcast market. Wondery ranks among the largest podcast publishers in

the United States, according to listener metrics. However, measurement and attribution Challenges, Ad Fraud and Brand Safety Concerns stifle market growth throughout the forecast period of 2023-2030.

The key regions considered for the Global Podcast Advertising Market study includes Asia Pacific, North America, Europe, Latin America, and Middle East & Africa.

The North America region held the largest market share in 2022. the U.S. commanded over XX% of the regional market revenue, primarily due to its rapid technology adoption and mature audience base. Moreover, Canada's market is witnessing growth in audience size and engagement. Publishers are focusing on enhancing ad services, while companies are integrating audio-on-demand podcast strategies into their platforms. Additionally, the Asia Pacific region is projected to experience fastest growth, with a forecasted CAGR exceeding XX over the forecast period. The proliferation of digital devices, coupled with the increasing accessibility and popularity of podcast content, is driving market expansion in the region. Podcast streaming has become a preferred method for staying updated with new content among the region's population, with usage patterns varying across regions, age groups, and genders.
