## **Abstracts**

Global Pre-workout Beverages Market is valued at approximately USD 14.83 billion in 2021 and is anticipated to grow with a healthy growth rate of more than 8.50% over the forecast period 2022-2029. Pre-workout is a nutritional supplement that weightlifters and competitors use to boost athletic performance. During a workout, efforts are made to develop endurance, vigour, and a core. Various ingredients, varying per product, including caffeine and creatine, are used in pre-workout supplements. It is available in a variety of forms, including cases and powder. Expanding number of fitness centres and an increase in the demand for nutritional products are the significant drivers that boost the market growth.

Statista reports that the size of the worldwide fitness and health club market has been continuously growing in recent years, surpassing 101.9 billion dollars in 2021 and predicted to reach 136.6 billion dollars by 2026. The 2 major fitness clubs in the world, according to revenue, are Lifetime Fitness and 24-Hour Fitness. The All-India Organization of Chemists and Druggists also reports a nearly 15–20% increase in demand for nutritional supplements. This type of dietary supplement industry is being driven by rising consumer demand. However, the availability of non-FDA regulated products stifles market growth throughout the forecast period of 2022-2029.

The key regions considered for the Global Pre-workout Beverages Market study includes Asia Pacific, North America, Europe, Latin America, and the Rest of the World. North America is leading as well as fastest growing region owing to the prevalence of various health-conscious consumers. However, changing preferences for nutritional goods, an increasing number of fitness centres, and rising demand for international brands.

Major market players included in this report are:

Woodbolt Distribution LLC

Recent Developments in the Market:

The first mobile carbonated pre-workout beverage free of carbohydrates, sugar, and calories was released in 2018 under the C4 brand Nutrabolt. Four flavours are offered in the 16-ounce product line: frozen bombsicle, twisted limeade, strawberry watermelon ice, and tropical blast.

The sports nutrition firm Nutrabolt launched Project Clear Evolution in July 2019 with the aim of developing a new range of products devoid of artificial flavours and colours, with completely clear labelling and no proprietary mixes.
