Abstracts

Global Pyramid Tea Bags Market is valued approximately USD XX billion in 2021 and is anticipated to grow with a healthy growth rate of more than XX % over the forecast period 2022-2028. The structure of pyramid tea bags is generally more porous. This allows a concentrated flavor to mix into the cup and also allows faster brewing as compared to regular tea bags. Growing beverages industry and rising adoption of sustainable packaging solutions are key drivers for the growth of Pyramid Tea Bags market. For instance, according to global database Management company Statista- In 2017, the global plant-based beverages market was estimated at USD 9.8 billion, and it is forecast to reach a value of USD 19.7 billion by year 2023. Furthermore, in November 2020 Irish tea Company Lyons Tea has launched new biodegradable teabags. Also, with rapid urbanization and rising disposable income and surging beverages industry, the adoption & demand for Pyramid Tea Bags is likely to increase the market growth during the forecast period. However, high cost of raw materials and rising beverages industry in emerging economies impedes the growth of the market over the forecast period of 2022-2028.

The key regions considered for the Global Pyramid Tea Bags Market study includes Asia Pacific, North America, Europe, Latin America, and Rest of the World. North America is the leading region across the world in terms of market share owing to

presence of leading market players and increasing demand for plant-based food products in the region. Whereas, Asia-Pacific is anticipated to exhibit highest growth rate over the forecast period 2022-2028. Factors such as growing adoption of plant-based beverages and rising disposable income in the region would create lucrative growth prospects for the Pyramid Tea Bags market across Asia-Pacific region.
