Abstracts

Global retail bags Market is valued approximately at USD XX billion in 2020 and is anticipated to grow with a healthy growth rate of more than 5.2% over the forecast period 2021-2027. Shopping bags are very useful for people in their daily shopping activities. The Retail bags market is being driven by increasing income of the global population, rising standards of living, and key players focusing on developing high quality bags to provide luxury experience. Moreover, manufacturers are focusing on developing different colored and fashionable bags to attract consumers to buy these products. Furthermore, the introduction of bio-degradable bags has ignited the market in the growing trend of sustainable environment. For instance, in May 2020 - Novolex, developed non-fluorinated, grease-resistant wraps and clamshells. These new non-fluorinated products offer performance quality comparable to grease-resistant products made with harmful materials. However, large availability of low-cost grocery bags, may impede market growth over the forecast period of 2021-2027.

The regional analysis of the Retail bags Market is considered for the key regions such as Asia Pacific, North America, Europe, Latin America, and Rest of the World. Asia Pacific is has emerged as a significant region across the world in terms of market share due to rising incomes and enhanced standards of living. Whereas North America is also anticipated to exhibit the highest CAGR over the forecast period 2021-2027 due to high spending by consumers on luxury shopping goods in the region.
