Abstracts

Global Retail Vending Machine Market is valued at approximately USD XX Billion in 2021 and is anticipated to grow with a healthy growth rate of more than XX % over the forecast period 2022-2028. Retail Vending Machine provides out-of-store retailing options to consumers through coin-operated machines. The increasing retail sales is one of the major factors driving market growth as Retail Vending Machines are widely used to deliver goods quickly including food & beverages, cosmetics, etc. According to Statista, total retail sales worldwide is projected to increase from USD 23.74 trillion in 2020 to USD 31.27 trillion in 2025. Furthermore, the total market is also expected to be driven by the increasing demand for on-the-go snacks. Also, introduction of innovative products and growth in payment mode alternatives to make them feasible are likely to increase the market growth during the forecast period. However, high operational expenses and maintenance cost impede the growth of the market over the forecast period of 2022-2028.

The key regions considered for the Global Retail Vending Machine Market study include Asia Pacific, North America, Europe, Latin America, and Rest of the World. North America is the leading region across the world in terms of market share due to the presence of established market players and rise of self-service technology. Whereas, Asia-Pacific is anticipated to exhibit the highest growth rate over the forecast period 2022-2028 owing to the launch of new products, high product penetration, and increase

in disposable income.
