Abstracts

Global Roll Containers Market is valued approximately USD XX billion in 2020 and is anticipated to grow with a healthy growth rate of more than XX % over the forecast period 2021-2027. Roll containers are known as warehouse trolleys, which are widely used in various industries to transport the goods from stores to production lines. Growing Food and beverage market and rising logistics and warehousing industry are key drivers for the growth of Roll Containers market. According to Asian Development Bank's ADF BRIEFS June 2020 report Logistics in India is estimated at USD 215 billion in 2020 and, it is projected to expand through 2032 at a rate that would be 1.2 times the growth rate of India's GDP and would generate USD 360 billion in value added. As per U.S. Census Bureau- U.S. retail and food services sales for November 2021, was estimated at USD 639.8 billion, it is an increase of 0.3 % from the sales of October 2021, and an increase of 18.2 % from November 2020. Also, with the increasing demand from end use industries, the adoption & demand for Roll Containers is likely to increase the market growth during the forecast period. However, negative impact of covid 19 pandemic on end use industries impedes the growth of the market over the forecast period of 2021-2027.

The key regions considered for the global Roll Containers market study includes Asia Pacific, North America, Europe, Latin America and Rest of the World. North America is the leading/significant region across the world in terms of market share owing to presence of well-established logistics and warehousing industry in the region. Whereas, Asia-Pacific is anticipated to exhibit highest growth rate / CAGR over the forecast period

2021-2027. Factors such as increasing demand for the product from logistics industry and rising food and beverage industry would create lucrative growth prospects for the Roll Containers market across Asia-Pacific region.
