Abstracts

Global Sander Market is valued at approximately USD XX million in 2020 and is anticipated to grow with a healthy growth rate of more than XX % over the forecast period 2021-2027. Sander is a tool used for multiple purposes such as smoothing, polishing, or cleaning a surface, as wood, plastic, or metal. Sander is also used to roughen surfaces in preparation for finishing. Rapid urbanization and rising popularity of interior home decor have led to the adoption of Sander across the forecast period. For Instance: as per the IBIS World, the market size, measured by revenue, of the Interior Designers industry is \$17.0bn in 2021 and has grown 0.5% per year on average between 2016 and 2021. Also, due to the shift towards E-commerce Platform, the adoption & demand for Sander is likely to increase the market growth during the forecast period. However, rising initiatives towards a sustainable environment impede the growth of the market over the forecast period of 2021-2027.

The key regions considered for the global Sander market study includes Asia Pacific, North America, Europe, Latin America and Rest of the World. Europe is the significant region across the world in terms of market share owing to a large number of E-commerce platforms available. Whereas, North America is also anticipated to exhibit the highest growth rate over the forecast period 2021-2027. Factors such as rising popularity in home interior and urbanization would create profitable growth prospects for the Sander market across North-America region.
