Abstracts

Global Sparkling Coffee Market is valued approximately at USD 587.93 million in 2020 and is anticipated to grow with a healthy growth rate of more than 13% over the forecast period 2021-2027. Sparkling coffee is a cold iced caffeine drink which can be consumed during summer and spring. Growing demand for healthy energy drinks as caffeine helps in increasing alertness and concentration throughout the day, launch of new products in the market and rising inclination towards ready-to-drink beverages are driving the growth positively. For instance, in March 2019, Paulig group launched Paulig Cold Brew Sparkling drinks, a ready-to-drink, too cater the increasing demand for ready-to-drink beverages. Also, according to Statista the sales of ready-to-drink beverages in Brazil in 2019 reached to 159 million liters, up from 143 million liters in previous year.

Furthermore, introduction of new flavours along with caffeine are expected to fuel the demand in the coming years. However, lack of awareness regarding sparkling coffee in emerging economies may hamper the growth during forecast period.

Asia Pacific, North America, Europe, Latin America, and Rest of the World are considered for the regional analysis of the global Sparkling Coffee Market. North America is dominating across the world in terms of market share among above mentioned regions due to rising inclination towards innovative drinks and increasing awareness about healthy beverages. Whereas Europe is anticipated to exhibit the highest growth rate over the forecast period 2021-2027, due increasing consumer demand for on-the-go caffeinated drinks.

Major market player included in this report are:

DrinkVivic
Matchless Coffee Soda
Keepers Sparkling Coffee
Union Coffee
Slingshot Coffee Co.
Nongfu Spring
