Abstracts

Global Speech Therapy Service Market is valued at approximately USD XX million in 2021 and is anticipated to grow with a healthy growth rate of more than 5.9% over the forecast period 2022-2028. Speech therapy services include the treatment of communication and speech-related disorders. speech drills, sound production practices, physical exercises, and other techniques are used to improve muscles and enhance voice clarity and articulation and include speech drills physical, exercises, and sound production practicing. The market growth is driven by key factors such as increasing geriatric population and increasing screening for speech and hearing impairment in newborn. For instance, according to the UN World Population Prospects 2019, the geriatric population (those aged 65 and over) grew from 73.5 million to 90.7 million between 2015 and 2020. Similarly, Japan's population is ageing at the fastest rate in the world. According to the United Nations World Ageing 2020 study, Japan's population over 65 years old was 35,524 thousand (28%) in 2019 and is expected to reach 39,882 thousand (37.7%) in 2050. Furthermore, The Centers for Disease Control and Prevention (CDC) issued an article in April 2022 titled 'Can your baby hear you say, 'I love you?'' Thousands of newborns are born deaf or hard of hearing in the United States each year, according to the report. Babies who are identified with hearing loss early and receive treatment are more likely to attain their full potential. Also, with the rise in number of people with hearing and balance impairments, increase in demand for contract based or direct speech therapy services, the adoption & demand for Urgent Care Centers is likely to increase the market growth during the forecast period Speech Therapy Services. However, lack of awareness of Speech Therapy Services impedes

the growth of the market over the forecast period of 2022-2028.

The key regions considered for the global Speech Therapy Service Market study include Asia Pacific, North America, Europe, Latin America, and Rest of the World. North America is leading the global market of Speech Therapy Services owing to supporting factors such as increasing Alzheimer's disease and increasing screening tests for babies. However, APAC is expected to be the fastest growing region due to increase in awareness about speech disorders and rise in the standard of living.
