## **Abstracts**

Global Squash Rackets Market is valued approximately USD XX billion in 2021 and is anticipated to grow with a healthy growth rate of more than XX % over the forecast period 2022-2028. Squash Rackets is also known as squash and the rackets are also spelled racquets. It is singles or doubles player game in a four-walled court with a long-handled strung racket and a small rubber ball. This game is played on an exactly the same principle as rackets but in a smaller court. A number of tournaments and world championships held by international sports associations including the World Squash Federation (WSF) and Professional Squash Association (PSA) further increases the popularity of the sport encouraging more participation has led the adoption of Squash Rackets across the forecast period. For example, from 15 December to 21 December 2019, U.S. was hosting WSF Men's World Team Championship which is excelling the demand for the squash rackets market for the forecasted period. And in addition, from 05 October to 12 October 2019 U.S. hosted U.S. Open. Also, increasing initiatives by the government the adoption & demand for Squash Rackets is likely to increase the market growth during the forecast period. However, it is difficult for the players to maneuver the racquet properly which might impede the growth of the market over the forecast period of 2022-2028.

The key regions considered for the Global Squash Rackets market study includes Asia Pacific, North America, Europe, Latin America and Rest of the World. North America is the leading region across the world in terms of market share owing to the presence of key market players in the region and people playing sports now a days is rising the demand for the squash rackets market in the region for the forecasted period. Whereas,
