Abstracts

Global Surfing Apparel and Accessories Market is valued approximately USD 1.15 billion in 2020 and is anticipated to grow with a healthy growth rate of more than 5.5 % over the forecast period 2021-2027. Surfing Apparel and Accessories are wet suits and other accessories worn by individuals while surfing or doing water sports. These products are designed and manufactured to make them most suitable for water sports and beach environment. The increasing interest of people in water sports and increasing popularity of surfing as a fitness activity are driving the market demand during the forecasted period. The inclination of youth towards surfing as it is considered as a thrilling and fun activity is increasing the market of Surfing Apparel and Accessories. According to a report of Outdoor Industry, in 2017, Americans spend more than 14 billion on water sports. However, surfing is considered a seasonal and recreational activity, and the lack of awareness among the people of under developed countries can hamper the growth over the forecast period of 2021-2027. Also, accepting surfing as a trendy and lifestyle activity, and the development of the surfing industry to provide more advanced equipment have further boosted the demand for Surfing Apparel and Accessories during the forecast period.

On the basis of region, the Surfing Apparel and Accessories market is divided into these 6 regions, Asia Pacific, North America, Europe, Latin America and Rest of the World. North America emerged as the leading region across the world in terms of market share because of the presence of major manufacturers as well as well-established water sports infrastructure in the region. Whereas, Asia-Pacific is also expected to exhibit higher CAGR over the forecast period 2021-2027. Factors such as growing awareness

for water sports and increasing number of manufactures would contribute to the growth of Surfing Apparel and Accessories market across Asia-Pacific region.
