## **Abstracts**

Global Toasted Flour Market is valued approximately USD XX million in 2021 and is anticipated to grow with a healthy growth rate of more than XX % over the forecast period 2022-2028. The Toasted Flour can be defined as baked flour. Flour is baked in stovetop, in the oven, or in the microwave until the it becomes golden brown, and the raw flour taste is gone. As compared to normal flour, toasted flour offers several health benefits such as improved digestion, regulates blood sugar levels etc. Toasted flour is used in different food products such as bread and bakery Products, noodles and Pasta, crackers, cookies & biscuits among others. The rising demand for organic bakery and confectionery products and increasing adoption of toasted flour due to health benefits as well as surging demand for ready to eat food products are factors that are accelerating the global market demand. For instance, according to Statista – in 2020, the global market for plant-based bakery and confectionery was estimated at USD 333 million, and this amount is projected to grow to USD 605 million by end of 2026. Furthermore, as per Statista – as of 2022, revenue of worldwide Ready-to-Eat Meals

segment is estimated at USD 510 billion, and the market is estimated to grow annually by 6.20% between 2022 & 2027 to reach to USD 688.96 billion by end of 2026. Also, growing number of geriatric individuals and rising prevalence of lifestyle diseases are anticipated to act as a catalyzing factor for the market demand during the forecast period. However, high cost associated with toasted flour and health risks associated with overconsumption of toasted flour such as products containing high amount of trans fat increases risk of diabetes, strokes, and heart disease impede the growth of the market over the forecast period of 2022-2028.

The key regions considered for the global Toasted Flour Market study include Asia Pacific, North America, Europe, Latin America, and the Rest of the World. North America is the leading region across the world in terms of market share owing to the growing demand for convenience food products and presence of leading market players in the region. Whereas, Asia Pacific is anticipated to exhibit a significant growth rate over the forecast period 2022-2028. Factors such as growing penetration of online food services platforms and increasing number of global fast food franchisee in the region, would create lucrative growth prospects for the global Toasted Flour Market across the Asia Pacific region.
