## **Abstracts**

Global Wrinkle Release Spray Market reached USD XXX Billion in 2020. The Global Wrinkle Release Spray Market tends to grow by a CAGR of XX% in the 2021-2027 period.

Wrinkle spray helps remove wrinkles from clothes quickly and efficiently without ironing. More people shifting towards a hectic lifestyle and increasing population of office workers are factors driving the market growth. Furthermore, wrinkle release sprays are cost effective and save time which is also helping this market to grow. Although, High cost of the initial set up of the manufacturing plant coupled with government rules and regulations regarding the hazardous substance released from the plant becomes a restraint for this market. However, the market is still in its initial stage with fewer competitors which will prove favourable for the market players in coming years.

India, China, Brazil, UAE, Russia, Australia, and other developing countries can become lucrative opportunities for this market as people's lifestyles are becoming more hectic and they're seeking out options that will ease out their daily chores. South Africa represented about 17% of the sales share in 2019. In the West, this product is still new and a smaller number of people identify these sprays and a much lesser number of customers end up adding the product into their cart.
