Abstracts

Global Xylitol Market is valued approximately USD 4.49 billion in 2020 and is anticipated to grow with a healthy growth rate of more than 6.4% over the forecast period 2021-2027. Xylitol is a natural sweetener which is found in hardwood trees and fibrous food plants. The intensity of sweetness is same that of sucrose and thus it is used as a substitute of sugar. Xylitol is used in the manufacturing of chewing Gum, oral care and confectionary. The increasing demand for xylitol in nutraceutical, food applications and increasing health awareness are expected to be the key driving factor for the Xylitol market over the forecast period. For instance, According to National Diabetes Statistics Report published by US Department of Health and Human services in 2020 , 10.5% of the US population had diabetes in 2018 so there is increase in demand of xylitol in US . (increasing high demand of natural ingredients in food industry and also the usage of dietary products led to the adoption of Xylitol in the upcoming years.) However, high manufacturing costs impedes the growth of the market over the forecast period of 2021-2027. Also, with the increasing demand of low calorie food ingredients. is likely to increase the market growth during the forecast period.

The regional analysis of global Urgent Care Centers market is considered for the key regions such as Asia Pacific, North America, Europe, Latin America and Rest of the World. APAC is the leading region across the world in terms of market share owing to the increase in health awareness. Whereas, Europe is anticipated to exhibit highest growth rate / CAGR over the forecast period 2021-2027. Factors such as rising disposable income, rising incidences of injuries and improving healthcare infrastructure would create lucrative growth prospects for the Urgent Care Centers market across Asia-Pacific region.
