Abstracts

Game promotion services refer to a series of marketing and user acquisition activities provided by professional organizations or teams to game developers and publishers, aimed at increasing game awareness, attracting target users, promoting downloads/registrations, increasing activity and paid conversions. The booming game promotion services market is primarily driven by fierce competition in the gaming market, rising user acquisition costs, fragmented player attention, and the maturing mobile internet and social media ecosystems. With tens of thousands of new games launching annually, relying solely on the product itself is no longer enough to achieve effective exposure. Developers must rely on professional promotion services, leveraging their expertise in channel resources, data algorithms, creative content, and localized operations to achieve precise user reach and efficient conversions.

The global Game Promotion Service market size was estimated at USD 8562.0 million in 2025 and is projected to grow at a compound annual growth rate (CAGR) of 5.70% during the forecast period.

This report offers a comprehensive and in-depth analysis of the global Game Promotion Service market, covering all critical facets from a broad macroeconomic overview to detailed micro-level insights. It examines market size, competitive landscape, emerging development trends, niche segments, key drivers and challenges, as well as conducts SWOT and value chain analyses.

The insights provided enable readers to understand the competitive dynamics within the industry and formulate effective strategies to enhance profitability and market positioning. Additionally, the report presents a clear framework for evaluating the current status and future outlook of business organizations operating in this sector.

A significant focus of this report lies in the competitive landscape of the global Game Promotion Service market. It offers detailed profiles of major players, including their market shares, performance metrics, product portfolios, and operational status. This enables stakeholders to identify leading competitors and gain a nuanced understanding of market rivalry and structure.

In summary, this report serves as an essential resource for industry participants, investors, researchers, consultants, and business strategists, as well as anyone planning to enter or expand their presence in the Game Promotion Service market.
