## Abstracts

Digital growth advertising services are a marketing service system driven by digital technology and data, designed to help businesses achieve brand exposure, user acquisition, conversion improvement, and sales growth through channels such as the internet, mobile, social media, search engines, and programmatic advertising. This service not only includes ad creative planning, campaign strategy design, and channel management, but also integrates big data analytics, user profiling, precise targeting, marketing automation, and performance optimization tools to provide businesses with a end-to-end digital marketing solution, thereby improving ad delivery efficiency, reducing customer acquisition costs, and achieving quantifiable growth results. The downstream clients of digital growth advertising services are primarily various enterprises and brands, covering marketing and operations departments in industries such as retail, FMCG, internet, automotive, finance, and education. These clients utilize the service provider's digital ad delivery strategies, data analytics, user profiling, and marketing automation tools to achieve precise customer acquisition, brand promotion, and sales conversion improvement. Because digital growth advertising services are highly dependent on technology platforms, data analytics capabilities, and creative execution capabilities, their overall gross profit margin is typically around 32%.

The global Advertising Digital Growth Service market size was estimated at USD 3016.0 million in 2025 and is projected to grow at a compound annual growth rate (CAGR) of 16.30% during the forecast period.

This report offers a comprehensive and in-depth analysis of the global Advertising Digital Growth Service market, covering all critical facets from a broad macroeconomic overview to detailed micro-level insights. It examines market size, competitive landscape, emerging development trends, niche segments, key drivers and challenges,

as well as conducts SWOT and value chain analyses.

The insights provided enable readers to understand the competitive dynamics within the industry and formulate effective strategies to enhance profitability and market positioning. Additionally, the report presents a clear framework for evaluating the current status and future outlook of business organizations operating in this sector.

A significant focus of this report lies in the competitive landscape of the global Advertising Digital Growth Service market.
