Abstracts

Background music is an integral part of modern commercial space like malls, retail stores, transit, elevators and other public spaces. This kind of music is intended for passive listening, and it helps in improving the ambience of the place. It is also seen to affect the customer's mood positively, resulting in better shopping experiences for the customers and the retailers. The increase in the number of commercial spaces, high preference for entertainment, and growth in the tourism sector are the major factors that are driving the market growth. Global Background Music key players include Mood Media, SiriusXM for Business, Usen Corporation, TouchTunes, PlayNetwork, etc. Global top five manufacturers hold a share about 45%. North America is the largest market, with a share about 40%, followed by Europe, the Middle East and Africa, with a share about 25 percent. In terms of product, Music Streaming is the largest segment, with a share about 85%. And in terms of application, the largest application is Leisure & Hospitality, followed by Retail Stores, Cafes & Restaurants, Public Organizations, etc.

The global Background Music market size was estimated at USD 1956.0 million in 2025 and is projected to grow at a compound annual growth rate (CAGR) of 6.40% during the forecast period.

This report offers a comprehensive and in-depth analysis of the global Background Music market, covering all critical facets from a broad macroeconomic overview to detailed micro-level insights.
