Report Overview

A burrito is a dish in Mexican and Tex-Mex cuisine that consists of a flour tortilla with various other ingredients. It is wrapped into a closed-ended cylinder that can be picked up, in contrast to a taco, where the tortilla is simply folded around the fillings. The tortilla is sometimes lightly grilled or steamed to soften it, make it more pliable, and allow it to adhere to itself when wrapped. A wet burrito, however, is covered in sauce and is therefore generally eaten with silverware.
