Report Overview

A cab or taxi service is a type of vehicle for hire with a driver, used by a single or small group of passengers on either sharing or non-sharing basis. The passenger hires a taxi for a defined route, which is pre-decided by the customer passenger. The taxi cab conveys passengers between locations of their choice. The cab service differs from other modes of public transport, where the pick-up and drop-off service locations are determined by the service provider and not by the passenger.

This report provides a deep insight into the global Cab Services market covering all its essential aspects. This ranges from a macro overview of the market to micro details of the market size, competitive landscape, development trend, niche market, key market drivers and challenges, SWOT analysis, value chain analysis, etc.
