Report Overview:

A clothing label is a tag attached to a garment that provides information about the product, such as the brand name, size, fabric content, washing instructions, and country of origin. Clothing labels can be made from various materials such as satin, cotton, or woven fabric, and can be sewn onto the garment or attached with heat seal adhesive. Hang tags, on the other hand, are tags that are attached to the garment with a string or ribbon and typically hang from the garment's neckline or a clothing rack. Hang tags often contain additional information about the product, such as the product's name, the brand logo, pricing information, and other promotional details.

The Global Clothing Labels and Hang Tags Market Size was estimated at USD 2014.22 million in 2023 and is projected to reach USD 2475.99 million by 2029, exhibiting a CAGR of 3.50% during the forecast period.
