Report Overview:

A collectible trading card (or collectible card, trading card) is a small card, usually made out of paperboard or thick paper, which usually contains an image of a certain person, place or thing (fictional or real) and a short description of the picture, along with other text (attacks, statistics, or trivia). There is a wide variation of different types of cards.

Trading cards are traditionally associated with sports (baseball cards are particularly common) but can also include subjects such as Pok?mon and other non-sports trading cards. These often feature cartoons, comic book characters, television series and film stills. In the 1990s, cards designed specifically for playing games became popular enough to develop into a distinct category, collectible card games. These games are mostly fantasy-based gameplay. Fantasy art cards are a subgenre of trading cards that focus on the artwork.

The Global Collectible Trading Cards Market Size was estimated at USD 5568.62 million in 2023 and is projected to reach USD 9811.46 million by 2029, exhibiting a CAGR of 9.90% during the forecast period.
