### Report Overview

Unlike debt consolidation, which merges multiple balances into one loan (ideally with a lower interest rate), debt relief companies, sometimes referred to as debt settlement companies, help clients pay off their debt by negotiating a reduced balance. During the negotiation, clients stop making payments and save for debt payoff in a savings account. When an agreement with creditors has been reached, the debt is settled with the funds from that account.

The global Debt Relief Service market size was estimated at USD 429 million in 2023 and is projected to reach USD 879.50 million by 2030, exhibiting a CAGR of 10.80% during the forecast period.

North America Debt Relief Service market size was USD 111.79 million in 2023, at a CAGR of 9.26% during the forecast period of 2024 through 2030.

This report provides a deep insight into the global Debt Relief Service market covering all its essential aspects.
