### Report Overview

Elder care service providers are continuously growing due to rising number of older patients suffering from disabilities and improving day care facilities. Hence, companies are more focused in wireless connectivity and advanced devices to deliver healthcare services. In order to meet customer needs, elder care service companies are entering into various private care centres because older people tend to choose living in care facilities with specialized services requirements, which are provided in private care centres. Chronic conditions of elderly and preventive care technology are opening up niche markets. Moreover, the driving factor of such day care facilities is the overall cost of the setup, which is comparatively less than hospitalization. The day care facility is provided for 10-12 hours a day and is also expected to fuel elder care services market growth in terms of revenue over the forecast period.

The global Elder Care Services market size was estimated at USD 405010 million in 2023 and is projected to reach USD 501378.10 million by 2032, exhibiting a CAGR of 2.40% during the forecast period.

North America Elder Care Services market size was estimated at USD 109920.67 million in 2023, at a CAGR of 2.06% during the forecast period of 2024 through 2032.

This report provides a deep insight into the global Elder Care Services market covering all its essential aspects.
