Abstracts

The process of organizing an event for a target audience is known as event management. Event management software has a set of features that help organizers plan, execute, and monitor events. Cloud-based event management software is defined as event management as a service. The social networking site twitter dominated the market and accounted for the largest market share. Twitter has an increased customer reach which induces event organizers to update event-related information on the site. Twitter also helps in improving the marketing of events and allows event management professionals to stay up-to-date on the latest trends, technologies, and best practices of the event management industry.

The global Event Management as a Service market size was estimated at USD 6400.0 million in 2025 and is projected to grow at a compound annual growth rate (CAGR) of 10.60% during the forecast period.

This report offers a comprehensive and in-depth analysis of the global Event Management as a Service market, covering all critical facets from a broad macroeconomic overview to detailed micro-level insights. It examines market size, competitive landscape, emerging development trends, niche segments, key drivers and challenges, as well as conducts SWOT and value chain analyses.

The insights provided enable readers to understand the competitive dynamics within the industry and formulate effective strategies to enhance profitability and market positioning. Additionally, the report presents a clear framework for evaluating the current status and future outlook of business organizations operating in this sector.

A significant focus of this report lies in the competitive landscape of the global Event

Management as a Service market. It offers detailed profiles of major players, including their market shares, performance metrics, product portfolios, and operational status. This enables stakeholders to identify leading competitors and gain a nuanced understanding of market rivalry and structure.

In summary, this report serves as an essential resource for industry participants, investors, researchers, consultants, and business strategists, as well as anyone planning to enter or expand their presence in the Event Management as a Service market.
