Abstracts

Eyebrow makeup refers to a category of cosmetic products specifically designed to shape, fill, define, and enhance the appearance of the eyebrows. These products include eyebrow pencils, powders, gels, pomades, pens, waxes, and tints, often used to create fuller, symmetrical, or well-groomed brows that complement facial features. Eyebrow makeup plays a crucial role in modern beauty routines, influenced by trends such as natural-looking brows, bold and arched styles, or microblading-inspired finishes. Many formulations now emphasize long wear, water/sweat resistance, and clean beauty (vegan, cruelty-free), catering to a wide range of skin tones and brow textures. Eyebrow cosmetics are sold in standalone formats or as part of eyebrow kits and are used both by consumers for daily makeup and by professionals in salons and studios.
