## Abstracts

A game overseas strategy service refers to a systematic marketing and localization strategy developed for domestic game products entering overseas markets, aiming to enhance the game's brand awareness, user base, and commercial performance in global target markets. This plan typically covers market research, target country selection, brand positioning, localization and cultural adaptation, channel distribution strategies, advertising, social media marketing, KOL collaboration, data analysis, and user retention optimization. By combining the habits of players and the characteristics of media in different regions, differentiated promotion strategies are developed to achieve precise reach and efficient customer acquisition. With increasing global game competition and rising overseas expansion costs, more and more companies are adopting an integrated "content + traffic + data" promotion model, leveraging AI-powered intelligent targeting and cross-platform collaboration to create a localized, long-term, and sustainable overseas market presence.

The global Game Overseas Strategy Service market size was estimated at USD 2458.0 million in 2025 and is projected to grow at a compound annual growth rate (CAGR) of 9.00% during the forecast period.

This report offers a comprehensive and in-depth analysis of the global Game Overseas Strategy Service market, covering all critical facets from a broad macroeconomic overview to detailed micro-level insights.
