Report Overview

A golfer needs golf equipment like golf clubs and golf balls to take part in the sport. Since golf bags are very heavy, golfers use caddies to carry their bags, which contain golf equipment (made of heavy metal). Sometimes caddies do not handle the golf bags properly and misplace the equipment in the golf course. Moreover, their services are expensive and turn out to be a huge investment for golfers. Considering these challenges, some of the vendors have come up with innovative products that can replace these caddies.
