## Abstracts

First of all, as people's living standards improve, more and more people begin to pay attention to their health and image, so natural mouthwash will become an indispensable product in people's daily lives. At the same time, as the aging of the population intensifies, the number of elderly people will continue to increase, and the elderly population is usually more susceptible to oral diseases, so natural mouthwash will also become an important product for the elderly population. Secondly, with the continuous advancement of science and technology, the formula and production technology of natural mouthwash will continue to be improved and upgraded, and the effects of natural mouthwash will be more comprehensive and efficient. At the same time, with the development of e-commerce and mobile Internet, the sales channels of natural mouthwash will continue to expand and extend, and more consumers will buy mouthwash products more conveniently. A market full of opportunities and prospects. As consumers' awareness of oral health continues to increase and their emphasis on health continues to increase, the demand for natural mouthwashes will continue to increase.
