Lightboxes come in various sizes and shapes, making them versatile for different applications such as retail stores, restaurants, airports, and trade shows. The market for lightboxes has been experiencing steady growth in recent years due to the increasing demand for visually appealing and customizable advertising solutions. With advancements in LED technology and the growing trend towards experiential marketing, lightboxes have become a popular choice for businesses looking to enhance their brand visibility and engage with customers in a creative way.

The market trend for lightboxes is driven by several factors. Moreover, the growing focus on sustainability and energy efficiency has led to the adoption of LED-based lightboxes, which consume less power and have a longer lifespan compared to traditional lighting methods.
