## Abstracts

A mobile vet service, also known as a mobile veterinary clinic or a house call vet, refers to a veterinary practice that provides veterinary medical care and services directly to pets and their owners at their homes or other designated locations. Instead of pet owners bringing their animals to a traditional veterinary clinic or hospital, the mobile vet service brings the veterinary care directly to the pets' location. According to Our PET Supplies Research Center, the global pet industry reached \$ 261 billion in 2022, a year-on-year increase of 11.3%. The United States gains the highest pet penetration rate and becomes the largest pet market. According to the American Pet Products Association (APPA), 66% of American households keep pets, and the total industry sales was about US\$136.8 billion, an increase of 10.8% over 2021. According to IVH, the German pet products industry association, the number of pets in Germany reached 33.4 million in 2022, with a total turnover of nearly ?6.5 billion. The 2023 China Pet Industry Trend Insight White Paper released by JD shows that the market size of the four major pet physical commodities is increasing year by year: pet supplies account for 45%, pet staple food accounts for nearly 35%, pet snacks account for 12%, and pet medicine and health care account for 33%.

The global Mobile Vet Service market size was estimated at USD 658.0 million in 2025 and is projected to grow at a compound annual growth rate (CAGR) of 8.10% during the forecast period.

This report offers a comprehensive and in-depth analysis of the global Mobile Vet Service market, covering all critical facets from a broad macroeconomic overview to detailed micro-level insights. It examines market size, competitive landscape, emerging development trends, niche segments, key drivers and challenges, as well as conducts SWOT and value chain analyses.

The insights provided enable readers to understand the competitive dynamics within the industry and formulate effective strategies to enhance profitability and market positioning. Additionally, the report presents a clear framework for evaluating the current status and future outlook of business organizations operating in this sector.

A significant focus of this report lies in the competitive landscape of the global Mobile Vet Service market. It offers detailed profiles of major players, including their market shares, performance metrics, product portfolios, and operational status.
