### Report Overview:

Moon cakes are a carrier of thousands of years of historical tradition in our country, and they are the crystallization of etiquette, emotion and culture. In the eyes of Chinese people, eating moon cakes every Mid-Autumn Festival has become a custom, a habit, and a fixed pattern. Mooncake sales suffered a severe blow in 2013-2014, because the central government banned officials from giving and receiving high-end mooncakes. The warning from the Chinese government led to a decline in mainland mooncake sales in the past two years. The recovery of the mooncake market in 2015-2016 was obviously driven by the demand for low- and medium-priced mooncakes by households and companies, and the mooncake market tended to become civilians. After several years of adaptation and adjustment, the industry has eliminated some outdated production capacity, brand concentration is getting higher and higher, moon cake products have basically returned to the natural attributes of traditional food and culture, and the Mid-Autumn Festival market has gradually entered a trend of stable development.
