## Abstracts

Northern Lights Tourism refers to travel and tourism activities centered around viewing the Aurora Borealis, also known as the Northern Lights. This natural light display, caused by solar particles colliding with Earth's magnetic field, is best observed in high-latitude regions near the Arctic Circle, such as northern Scandinavia, Canada, Alaska, and Russia. Tours and travel packages often include guided trips, outdoor excursions, and other activities designed to enhance the experience of witnessing this spectacular natural phenomenon.

The global Northern Lights Tourism market size was estimated at USD 831.0 million in 2025 and is projected to grow at a compound annual growth rate (CAGR) of 9.60% during the forecast period.

This report offers a comprehensive and in-depth analysis of the global Northern Lights Tourism market, covering all critical facets from a broad macroeconomic overview to detailed micro-level insights. It examines market size, competitive landscape, emerging development trends, niche segments, key drivers and challenges, as well as conducts SWOT and value chain analyses.

The insights provided enable readers to understand the competitive dynamics within the industry and formulate effective strategies to enhance profitability and market positioning. Additionally, the report presents a clear framework for evaluating the current status and future outlook of business organizations operating in this sector.

A significant focus of this report lies in the competitive landscape of the global Northern Lights Tourism market. It offers detailed profiles of major players, including their market shares, performance metrics, product portfolios, and operational status. This enables
