Abstracts

One-stop contract logistics service refers to a comprehensive supply chain solution where a single logistics provider manages all aspects of a client's logistics needs under a long-term agreement. This includes services such as warehousing, transportation, inventory management, order fulfillment, packaging, customs clearance, and sometimes even after-sales support, offering an integrated and streamlined approach to logistics operations. By outsourcing to a one-stop provider, businesses gain operational efficiency, cost savings, and greater flexibility in scaling their supply chains.
