Abstracts

The 2025 U.S. tariff policies introduce profound uncertainty into the global economic landscape. This report critically examines the implications of recent tariff adjustments and international strategic countermeasures on Over-The-Counter Medicines for Sore Throat competitive dynamics, regional economic interdependencies, and supply chain reconfigurations. In 2024, the global production of over-the-counter sore throat medicines was about 373 million packs, with an average price of USD 7.5 per pack. The gross profit margin of leading pharmaceutical manufacturers ranged from 45% to 65%. A single production line typically outputs 50 million to 120 million packs per year. Over-the-counter (OTC) sore throat medicines are non-prescription formulations that relieve throat pain, irritation, and inflammation caused by viral or bacterial infections. These include lozenges, sprays, syrups, and tablets containing soothing, anesthetic, or antiseptic ingredients. The global OTC sore throat medicine market is growing steadily due to the increasing incidence of seasonal flu, rising self-medication awareness, and expanding retail pharmacy networks. Herbal and natural formulations are gaining popularity as consumers prefer chemical-free solutions. Digital marketing and e-commerce channels are also accelerating sales growth. North America and Europe lead the market with established brands, while Asia-Pacific and Latin America show strong demand potential due to rising healthcare accessibility and population size.

The global Over-The-Counter Medicines for Sore Throat market size was estimated at USD 2800.0 million in 2025 and is projected to grow at a compound annual growth rate (CAGR) of 5.10% during the forecast period.

This report offers a comprehensive and in-depth analysis of the global Over-The-Counter Medicines for Sore Throat market, covering all critical facets from a broad macroeconomic overview to detailed micro-level insights. It examines market size,

competitive landscape, emerging development trends, niche segments, key drivers and challenges, as well as conducts SWOT and value chain analyses.

The insights provided enable readers to understand the competitive dynamics within the industry and formulate effective strategies to enhance profitability and market positioning. Additionally, the report presents a clear framework for evaluating the current status and future outlook of business organizations operating in this sector.

A significant focus of this report lies in the competitive landscape of the global Over-The-Counter Medicines for Sore Throat market. It offers detailed profiles of major players, including their market shares, performance metrics, product portfolios, and operational status. This enables stakeholders to identify leading competitors and gain a nuanced understanding of market rivalry and structure.

In summary, this report serves as an essential resource for industry participants, investors, researchers, consultants, and business strategists, as well as anyone planning to enter or expand their presence in the Over-The-Counter Medicines for Sore Throat market.

Global Over-The-Counter Medicines for Sore Throat Market: Market Segmentation Analysis

This research report provides a detailed segmentation of the market by region (country), key manufacturers, product type, and application. Market segmentation divides the overall market into distinct subsets based on factors such as product categories, end-user industries, geographic locations, and other relevant criteria.

A clear understanding of these market segments enables decision-makers to tailor their product development, sales, and marketing strategies more effectively to meet the unique needs of each segment. Leveraging market segmentation insights can significantly enhance targeted approaches, optimize resource allocation, and accelerate product innovation cycles by aligning offerings with the specific demands of diverse customer groups.
