Abstracts

Paragliding tourism is an extreme leisure activity that combines excitement and beauty, allowing tourists to fly freely in the sky like birds. With professional paragliding equipment, tourists can jump out from high mountains or special take-off points and experience the thrill of flying in the vast sky. During the gliding process, you can overlook the magnificent mountains, rivers, lakes, and seas, rural scenery, and city outlines, and feel the magnificence and harmony of nature. Paragliding tourism not only provides an unforgettable adventure experience, but also allows tourists to appreciate the beauty of the world from a new perspective.

The global Paragliding Tours market size was estimated at USD 345.0 million in 2025 and is projected to grow at a compound annual growth rate (CAGR) of 6.10% during the forecast period.

This report offers a comprehensive and in-depth analysis of the global Paragliding Tours market, covering all critical facets from a broad macroeconomic overview to detailed micro-level insights. It examines market size, competitive landscape, emerging development trends, niche segments, key drivers and challenges, as well as conducts SWOT and value chain analyses.

The insights provided enable readers to understand the competitive dynamics within the industry and formulate effective strategies to enhance profitability and market positioning. Additionally, the report presents a clear framework for evaluating the current status and future outlook of business organizations operating in this sector.

A significant focus of this report lies in the competitive landscape of the global Paragliding Tours market. It offers detailed profiles of major players, including their
