Abstracts

The advertising information optimization service solution is a comprehensive service system that improves the relevance, attractiveness and conversion efficiency of advertising content through data analysis, user profiling, intelligent content generation and delivery strategy adjustment. The solution usually includes modules such as automatic material generation, A/B test optimization, personalized recommendation, real-time feedback mechanism and cross-platform collaborative delivery, helping companies to achieve precision marketing from "one face for one thousand people" to "one face for one thousand people". With the development of artificial intelligence, big data and multimodal technology, advertising optimization is evolving towards a more intelligent, automated and closed-loop direction, especially in content understanding, emotion recognition and dynamic creative generation. It has shown a trend of rapid progress and has become a key engine for brand acquisition, retention and ROI improvement.

The global Personalized Advertising Plan market size was estimated at USD 3524.0 million in 2025 and is projected to grow at a compound annual growth rate (CAGR) of 11.50% during the forecast period.

This report offers a comprehensive and in-depth analysis of the global Personalized Advertising Plan market, covering all critical facets from a broad macroeconomic overview to detailed micro-level insights. It examines market size, competitive landscape, emerging development trends, niche segments, key drivers and challenges, as well as conducts SWOT and value chain analyses.

The insights provided enable readers to understand the competitive dynamics within the industry and formulate effective strategies to enhance profitability and market

positioning. Additionally, the report presents a clear framework for evaluating the current status and future outlook of business organizations operating in this sector.

A significant focus of this report lies in the competitive landscape of the global Personalized Advertising Plan market. It offers detailed profiles of major players, including their market shares, performance metrics, product portfolios, and operational status.
