## Abstracts

Cat hair conditioner, hair care, fluffy and supple without knots. According to data from the company's "Pet Products Research Center", the global pet industry will reach US\$246 billion in 2022, a year-on-year increase of 11.3%. The United States has the highest pet penetration rate and is also the largest pet consumer market. According to data from the American Pet Products Association (APPA), 66% of American households own pets, and the total industry sales are approximately US\$136.8 billion, an increase of 10.8% from 2021. . IVH, the German Pet Products Industry Association, stated that the number of pets in Germany will be as high as 33.4 million in 2022, with a total turnover of nearly 6.5 billion euros. The "2023 China Pet Industry Trend Insights White Paper" released by JD.com shows that China's pet industry is showing a trend of "red ocean near, blue ocean far away". In 2023, the number of pet-raising households in China will exceed 100 million, and the market size will reach 129.6 billion yuan. Specifically, the market sizes of the four major physical pet products are all increasing year by year: pet supplies account for 45%, pet staple food accounts for nearly 35%, pet snacks account for 12%, and pet medicine and health care account for 9%. Pet medical care is the pet industry's economic industry second only to pet food. In the UK, annual spending on veterinary and other pet services has increased from ?2.6 billion in 2015 to ?4 billion in 2021, a 54% increase in just six years. Data from Vetnosis shows that the value of the global animal health industry increased by 12% in 2021, reaching \$38.3 billion.

The global Pet Hair Care Solution market size was estimated at USD 959.0 million in 2025 and is projected to grow at a compound annual growth rate (CAGR) of 6.50% during the forecast period.

This report offers a comprehensive and in-depth analysis of the global Pet Hair Care

Solution market, covering all critical facets from a broad macroeconomic overview to detailed micro-level insights. It examines market size, competitive landscape, emerging development trends, niche segments, key drivers and challenges, as well as conducts SWOT and value chain analyses.

The insights provided enable readers to understand the competitive dynamics within the industry and formulate effective strategies to enhance profitability and market positioning. Additionally, the report presents a clear framework for evaluating the current status and future outlook of business organizations operating in this sector.

A significant focus of this report lies in the competitive landscape of the global Pet Hair Care Solution market. It offers detailed profiles of major players, including their market shares, performance metrics, product portfolios, and operational status. This enables stakeholders to identify leading competitors and gain a nuanced understanding of market rivalry and structure.

In summary, this report serves as an essential resource for industry participants, investors, researchers, consultants, and business strategists, as well as anyone planning to enter or expand their presence in the Pet Hair Care Solution market.

### **Global Pet Hair Care Solution Market: Market Segmentation Analysis**

This research report provides a detailed segmentation of the market by region (country), key manufacturers, product type, and application. Market segmentation divides the overall market into distinct subsets based on factors such as product categories, end-user industries, geographic locations, and other relevant criteria.

A clear understanding of these market segments enables decision-makers to tailor their product development, sales, and marketing strategies more effectively to meet the unique needs of each segment. Leveraging market segmentation insights can significantly enhance targeted approaches, optimize resource allocation, and accelerate product innovation cycles by aligning offerings with the specific demands of diverse customer groups.
