Abstracts

Ros? wine is a unique group in the wine family. It ferments the grapes with their skins on for 1-2 days and then separates the grape skins from the juice. Then the juice continues to ferment alone. The juice acquires part of the color in the skin but not too much. The wine produced in this way shows a light rose red color, clear, soft and full of fruity aroma, fresh and elegant taste, deeply loved by people. Global key players of Rose Wine include E & J Gallo Winery, Sutter Home, Chateau d'Esclans, Minuty SAS, Famille Perrin, etc. The top five players hold a share about 9%. Europe is the largest market, and has a share about 72%, followed by North America and Asia-Pacific with share 17% and 7%, separately. In terms of product type, Sparkling Rose Wine is the largest segment, accounting for a share of 90%. In terms of application, Supermarkets has a share about 60 percent.
