Report Overview

The rise in disposable income, a shift in the eating habits of consumers, increasing awareness of the health benefits of savory yogurt and the growing availability of flavored yogurt are expected to drive this market. Yogurt is rich in calcium and proteins and its health benefits include boosting the immune system, combating diarrhea and constipation etc. Health concerns due to the fat content in the yogurt and lactose intolerance may restrain this market. The introduction of low-fat yogurt and innovations shall help in the development of this market.

North America is the major contributor to the market, in terms of revenue, followed by Europe. In the Asia-Pacific region, China and India are the major markets. The rise in demand for flavored yogurt in countries like China and Japan are substantial.
