Abstracts

Over-the-eye sunglasses are sunglasses designed to be worn over regular eyeglasses. These sunglasses are often specially designed to easily clip onto the frames of regular eyeglasses, providing extra protection from the sun. Kit sunglasses are usually made of lightweight materials and have a compact design that is easy to carry and can be used anytime and anywhere, eliminating the need to carry additional separate sunglasses. This kind of sunglasses is suitable for people who need to protect their eyes from sunlight stimulation during outdoor activities, such as driving, outdoor sports, etc. The set sunglasses market is a subdivision of the sunglasses market, specifically designed for myopia. As consumers pay more attention to eye health and fashion accessories, the set sunglasses market has shown continued growth in recent years. More and more people are beginning to realize the dual role of sunglasses in protecting eyesight and enhancing personal appearance. In summary, the set sunglasses market is expected to continue to maintain steady growth. As consumer demand for eye health and fashion accessories continues to increase, the sunglasses market will usher in more development opportunities.

The global Set Sunglasses market size was estimated at USD 206.0 million in 2025 and is projected to grow at a compound annual growth rate (CAGR) of 5.00% during the forecast period.

This report offers a comprehensive and in-depth analysis of the global Set Sunglasses market, covering all critical facets from a broad macroeconomic overview to detailed micro-level insights. It examines market size, competitive landscape, emerging development trends, niche segments, key drivers and challenges, as well as conducts SWOT and value chain analyses.

The insights provided enable readers to understand the competitive dynamics within the industry and formulate effective strategies to enhance profitability and market positioning. Additionally, the report presents a clear framework for evaluating the current status and future outlook of business organizations operating in this sector.

A significant focus of this report lies in the competitive landscape of the global Set Sunglasses market. It offers detailed profiles of major players, including their market shares, performance metrics, product portfolios, and operational status.
