Abstracts

Total Talent Solution, or TTS for short, refers to a comprehensive talent management approach that integrates various talent sources and management processes. It combines permanent recruitment (RPO) and contingent workforce management (MSP) to provide a holistic solution for enterprises to acquire, manage, and develop talent. Core Concepts: TTS aims to break down the barriers between different types of talent, including full - time employees and contingent workers such as temporary employees, contractors, and freelancers. By integrating these talent sources, enterprises can have a more comprehensive view of their talent pool, enabling better talent allocation and management.

The global Total Talent Solution market size was estimated at USD 15237.0 million in 2025 and is projected to grow at a compound annual growth rate (CAGR) of 14.90% during the forecast period.

This report offers a comprehensive and in-depth analysis of the global Total Talent Solution market, covering all critical facets from a broad macroeconomic overview to detailed micro-level insights. It examines market size, competitive landscape, emerging development trends, niche segments, key drivers and challenges, as well as conducts SWOT and value chain analyses.

The insights provided enable readers to understand the competitive dynamics within the industry and formulate effective strategies to enhance profitability and market positioning. Additionally, the report presents a clear framework for evaluating the current status and future outlook of business organizations operating in this sector.
