The development of unscented steam eye masks is a growing trend in the beauty and wellness industry. These masks are designed to provide relaxation and relief for tired eyes, without the use of any added scents or fragrances. The gentle warmth and steam generated by the masks help to soothe tired eyes, reduce eye strain, and promote relaxation. By removing the added scents, the masks provide a more natural and calming experience. Furthermore, unscented steam eye masks are also popular among individuals who use eye masks as part of their skincare routine. Many skincare enthusiasts use eye masks to target specific concerns such as dark circles, puffiness, or fine lines.
