Abstracts

The 2025 U.S. tariff policies introduce profound uncertainty into the global economic landscape. This report critically examines the implications of recent tariff adjustments and international strategic countermeasures on Women's Deodorant competitive dynamics, regional economic interdependencies, and supply chain reconfigurations. Women's deodorant is a personal care product specifically formulated for women to reduce or neutralize body odor, especially in the underarm area. It often contains antibacterial agents to prevent odor-causing bacteria and may include antiperspirant ingredients to reduce perspiration. Women's deodorants typically feature light or floral/fruity scents and are designed with feminine packaging, catering to everyday use, work, and social situations. In 2024, global Women's Deodorant sales reached approximately 1,322.46 million units, with an average global market price of around US\$ 5.65 per unit.

The global Women's Deodorant market size was estimated at USD 7470.0 million in 2025 and is projected to grow at a compound annual growth rate (CAGR) of 4.50% during the forecast period.

This report offers a comprehensive and in-depth analysis of the global Women's Deodorant market, covering all critical facets from a broad macroeconomic overview to detailed micro-level insights. It examines market size, competitive landscape, emerging development trends, niche segments, key drivers and challenges, as well as conducts SWOT and value chain analyses.

The insights provided enable readers to understand the competitive dynamics within the industry and formulate effective strategies to enhance profitability and market positioning. Additionally, the report presents a clear framework for evaluating the current

status and future outlook of business organizations operating in this sector.

A significant focus of this report lies in the competitive landscape of the global Women's Deodorant market. It offers detailed profiles of major players, including their market shares, performance metrics, product portfolios, and operational status. This enables stakeholders to identify leading competitors and gain a nuanced understanding of market rivalry and structure.

In summary, this report serves as an essential resource for industry participants, investors, researchers, consultants, and business strategists, as well as anyone planning to enter or expand their presence in the Women's Deodorant market.
