Sea Buckthorn Freeze Dried Powder is a dietary supplement derived from the berries of the sea buckthorn plant (*Hippophae rhamnoides*), which is native to Europe and Asia. This product is created by freeze-drying the berries, a process that rapidly removes water and preserves the nutrients, vitamins, and antioxidants present in the fresh fruit. The powder is known for its high concentration of vitamins C and E, as well as carotenoids, which contribute to its potent antioxidant properties. It is often used in health and wellness products due to its potential benefits for skin health, immune support, and overall well-being.
