Date: December 2015

Pages: 100

Price: US\$ 1,295.00 (Single User License)

ID: IFF276E6494EN

Abstracts

Includes 3 FREE quarterly updates

BMI View: Our moderate growth outlook for Israel's pharmaceutical sector is supported by the same modest increase in funding for the health services basket. The health basket does include innovative treatments, although drugmakers will see opportunities limited by budgetary restraints. However, proposed changes to the health insurance law will expand healthcare access, providing pharmaceutical companies with further commercial opportunities.

Headline Expenditure Projections

Pharmaceuticals: ILS7.51bn (USD2.10bn) in 2014 to ILS7.82bn (USD2.01bn) in 2015; +4.2% in local currency terms and -4.4% in US dollar terms. Forecast unchanged from Q415.

Healthcare: ILS80.67bn (USD22.55bn) in 2014 to ILS85.80bn (USD22.00bn) in 2015; +6.4% in local currency terms and -2.4% in US dollar terms. Forecast unchanged from Q415.
