## Abstracts

**BMI View:** Sri Lanka's tourism industry is growing rapidly, bolstered by an expanding range of regional and global air travel connections and growing awareness of its many attractions, as well as improved safety perceptions since the end of the civil war. With international visitor numbers increasing steadily, Sri Lanka's hotel and accommodation sector is attracting substantial foreign investment. The luxury hotel sector in particular is growing rapidly, though development is hampered by an insecure investment environment and high levels of corruption.
