Abstracts

Background:

At present, China is playing a greatly important role in global insecticide trade flows, mainly for export. In 2013, China exported about 315,500 tonnes of insecticides (by physical quantity), mainly to countries in Asia and South America, such as Brazil, Vietnam, India and Thailand, etc.

Purpose of report:

To clearly describe China's trade flows of insecticides in global market and give some constructive opinions, CCM has collected lots of information in various ways. In this report, export situation of insecticides has been described in detail, mainly from aspects such as technical and formulations, major products, exported regions and exporters.

What to report:

In this report, China insecticide trade flows has been analyzed exhaustively from the following aspects:

Import and export situation of insecticide technical and formulations in China, 2009-2013;

Export price of major insecticide products in China, 2009-2013;

Import and export structure of insecticides in China, 2009-2013;

Import and export structure of pesticides in China, 2009-2013;

Major import origins and export destinations;

Key factors for the development of China's insecticides trade flows;

Commercial opportunities;

Forecast on trade flows:

Trade flow of insecticide in China is estimated to keep increasing in the near future. The overall export volume of insecticides is expected to continue to move upward, especially for biological insecticides; while export price will keep rising.

Contents

1 OVERVIEW

2 TRADE VOLUME AND VALUE

2.1 Volume and value

2.2 Price

2.3 Import and export structure change of insecticides

2.4 Position in pesticide industry

3 IMPORT ORIGINS AND EXPORT DESTINATIONS

3.1 Import origins

3.2 Export destinations

4 EXPORT REGIONS AND ENTERPRISES

5 PREDICTIONS

5.1 Key factors influencing trade flows

5.2 Trend of trade flows

6 REMINDERS AND OPPORTUNITIES
