Abstracts

This executive summary is extracted from Kcomber's report Company Profile of Chinese Pyridine Manufacturers finished in July 2016.

In the past few years, China's pyridine industry developed fast. Before 2010, the domestic pyridine supply was highly dependent on import. However, the capacity has increased a lot with the development of China's pyridine industry.

The executive summary mainly stated the production and import of pyridine in China, and the introduction of six major pyridine manufacturers in China as well.

This executive summary briefs you general market situation and direction of China's pyridine industry.
