Abstracts

Crop Protection China Monthly Report provides you with real-time intelligence on China's pesticide market.

It is a monthly published newsletter, which can be downloaded in PDF format. The subscription period is yearly, grants the subscriber 12 issues in total.

The competition in Chinese pesticide market has become more and more fierce, and the market situation has also kept continuously gloomy in recent years. Besides, restricted by stricter environmental protection policies, it showed mergers & acquisition in large pesticide enterprises, with the small ones exited the market. In March 2015, the Chinese government published the Action Plan for Zero Growth in Fertilizer Use by 2020 and Action Plan for Zero Growth in Pesticide Use by 2020, indicating the adjustment of China's consumption market of pesticides in the next few years.

Crop Protection China Monthly Report will help you stay ahead in the fast-changing market, and it will provide you real-time reporting on the whole industrial chain of China's pesticide market from the registration and development of new pesticide products to the downstream market of agricultural materials such as changes in planting scale of farmers, and consumption habits. This includes:

Market Dynamics and Policy Dynamics of Neonicotinoid Insecticides

New Registrations of Pesticide Technical in China

New Registrations of Pesticide Formulations in China
