Abstracts

China's FOS industry has seen a fast growth since 2008. As the important prebiotics, FOS producers benefit from the continuous price hike. Many producers have enlarged their capacity to chase the product's remarkable profit. In this report, you can find out the latest production situation in China.

Additionally, the latest consumption of FOS in China is another focus in this report, and we also provide forecast on it in the coming few years.

The following aspects are shown in this report:

Production situation of FOS (2008-2012)

Price change of FOS (2010-2012)

Consumption pattern of FOS (2011)

Forecast on consumption for FOS (2012-2015)
